## Civic Betterment And Development Aim of New Club

James Kemper President of "Committee of 25" Club Organized Here; Leading Home Owners, Winter Residents, Members

An exclusive men's club composed of prominent industrialists, and retired businessmen, most of whom are home owners here or winter residents, will formally open December 1, it was announced yesterday. Its purpose is to encourage the development and civic betterment of the

## Fall Clean Up Better Than Expectations

Fall clean-up campaign came to an end Sunday with the event a great success except in a few isolated instances where city laws designed to prevent accumulation of unsightly rubbish piles which constitute a fire hazard, may be invoked.

COMMENTING on the contest between the seven city districts for the clean-up prize, Bennett said:

"It looks like it's in the bag for district 2 again this year." According to Bennett, district 2, under the chairmanship of Wally Waring, hauled more than 75 truck loads of rubbish to the city dump. And he believes that no other district can match that number because many private trucks, in addition to those sent by the city, were used in carting the debris to the city dump.

ALTHOUGH THE CAMPAIGN ended Sunday, said Bennett, "it may not be over for a few persons who failed to clean up their property." The chairman explained that the fire department may issue citations to property owners who failed to enter wholeheartedly into the spirit of the clean-up drive by not disposing of accumulated brush and debris on their properties.

THE OVER-ALL results of the drive this season according to Bennett is much better than it was at the end of the last clean-up campaign.

He said that many civic minded citizens started to clean up before the actual start of the drive November 6. Fire Chief Bill Leonasio reported that more than 250 fire permits were issued to citizens. More than 150 telephone calls were received by the waste and disposal department for special hauls. Some of these orders have yet to be filled, Bennett said.

AN INSPECTION TRIP of the city by Bennett, Sergeant Orest Johnson of the Police Department, Fire Chief Leonasio and John Connell district coordinator, revealed that a great majority of the citizens heeded to the plea of "Let's Clean Up the Village."

Those few citizens who failed to comply may receive a rude jolt," declared Bennett. He pointed out that under existing ordinances and fire laws, prosecutions may result.

The final note in Bennett's report was:

"The Village is a lot cleaner than it was at the end of last year's campaign."

## This Side Of The Sun

By Phat

At last I'm ready for a trophy—These little things are called a strophe.

Thanks to a kindly Villager I have at last a polite name by which to characterize the lines that top this piece off twice weekly—and, please, Mr. Operator, don't spell that w-e-a-k-l-y. . . . If you knew the strength it takes to write them and the greater courage it takes to walk up the Drive after they appear, you'd shoo the temptation behind you. . . . Anyway, came a postcard this week which said: "Don't call them blankie-blanks—they're strophes." . . . As much as I am opposed to anonymous postcards, I'm using this suggestion. . . . Even if I haven't looked up Mrs. Webster's tome.

## Passage of Proposition 4 May Prove Burden on City If Sales Tax Ban Adopted

Municipal sales taxes such as are imposed in Palm Springs along with about 100 other California cities, may come under a state legislative ban next year as result of adoption of Proposition No. 4 on the ballot Nov. 2, it was indicated today.

Assemblyman J. J. Hollibaugh, chairman of the lower house revenue and taxation committee, is quoted as saying the ban on city sales taxes probable in the 1949 session of the legislature.

PALM SPRINGS would lose in excess of \$100,000 annually if such a measure was adopted. The local tax is one cent on the dollar.

Hollibaugh said that the move attacking city sales taxes may be made if the state finds it necessary to raise the state sales tax from 2½ cents to 3 cents. The state sales tax is now 2½ cents but automatically goes to 3 cents next July 1 unless the 2½ cent levy is extended.

With the necessity of raising an additional \$125,000,000 per year to meet the aged and blind aid increase, it is not expected the lower levy will be continued.

TWO YEARS AGO a measure was introduced at Sacramento banning municipal sales taxes. It was defeated. With the state tax returned to 3 cents it is believed this move will be revived when the legislature convenes next January.

"Cities will be under heavy pressure to abandon levies if we increase the state tax," said Hollibaugh. "It will raise havoc with them. Several are already curtailing their long range planning foreseeing the possibility of the city tax ban."

## His Piggy Bank Smashed, Contents and Friend Gone

Police today were searching for a piggy-bank thief, a bank filled with folding money amounting to \$60, according to Dewey McCary, 168 West Arenas, who reported the loss Saturday night.

McCary told Officer John Herrera he had stepped into another room in his home leaving a friend alone in the room with the piggy-bank into which he had just pushed another ten dollar bill.

When he returned the bank was shattered, the contents gone and the friend out of sight.

## Agreement Ends Threat of Strike By Bus Drivers

Last minute compromises stalled off a threatened strike of Pacific Greyhound stage drivers which would have left the Village without bus service to Los Angeles and to eastern points.

The strike had been set for 12:01 a. m. yesterday but buses continued to run during the day as an agreement was reached late Sunday night shortly before the strike deadline.

The peace plan was put in operation so late Sunday that R. R. Dunlap, local agent, and his staff were all prepared for the strike and did not know until they arrived on the job early yesterday whether buses would be running.

Threats of the walk-out included not only drivers but station employees.

Federal conciliators worked until the last possible moment to halt the walk-out which would have affected seven western states.

The drivers demanded \$1.75 an hour with \$14.00 minimum daily guarantee.

Chairman Kenneth Kirk of the Hospital District organization committee, announced yesterday that the hour for the meeting of the entire group next Monday is 4 o'clock and urged every member of the committee to be present.

Final plans for the campaign to insure success of the district plan at the election on December 14 will be presented to the 170 members of the committee, he said.

The committee represents all portions of the proposed hospital district which embraces practically the same territory as the Palm Springs high school district.

At next Monday's meeting Chairman Kirk will outline the merits of the district and give final instructions for the campaign which will get under way immediately.

The election will be held December 14 and while Kirk is confident of its success, he wants to make the majority as big as possible.

## Scout Winter Camp Plans Outlined

Henry Roselle, camp director of the Riverside county council of Boy Scouts Winter Camp at Idyllwild this week announced plans for the annual outing.

Camp dates are Dec. 27 to Jan. 1. Robert Fitzpatrick will be assistant camp director.

Members of the Coachella Valley Advisory Planning Committee are scheduled to hold their next monthly meeting at the plant of the Desert Magazine, Palm Desert, Wednesday evening, November 17.

daughter of John Guthrie McCallum.

What Mrs. Ferguson was seeking to learn from Gene Johnson and Joe Tavormina, Nardoni associates, was the value of the land today and whether it would be worth while to buy it back from J. O'Brien of Glendale who purchased the property in September, 1946, as a tax-delinquent land parcel.

THE TITLE to the lot showed that one J. F. Casey bought the land from H. F. ### Congressional Party Visits Palm Springs

House Agricultural Committee Members On Tour of District

Palm Springs was host last night to a party of 35 congressmen, their wives and attaches as the group, members of the house agricultural committee toured Coachella Valley and Imperial county and made this their overnight stopping point.

During the day, the Village played host to wives of the touring congressmen who came in a party of nine yesterday morning, were entertained at the Racquet club for lunch and taken on a tour of the city before leaving for Coachella to join their husbands at a barbecue there.

THE CONGRESSIONAL party assembled in Riverside Sunday and were guests at dinner at the Mission Inn. Congressman John Phillips was in charge of arrangements for the dinner as well as handling the arrangements for yesterday's tour and last night's stay at the Desert Inn here.

Early yesterday the men of the party left by bus for Coachella Valley where they spent the morning as guests of Joseph Snyder of the Coachella Valley Water district and Ted Carleson of the Date Growers. Water and farm problems were discussed.

LATER THE PARTY went to El Centro for lunch at the Barbara Worth hotel and a tour of Imperial county's farms. Returning, they went to Coachella for a big barbecue.

In the meantime, the wives of congressmen in the party came to Palm Springs where they were guests at a Racquet club luncheon arranged by Melba Bennett and Gretchen Wright. After an afternoon here they were taken to Coachella to join the congressmen at the barbecue, later returning here for the night.

The entire party is scheduled to leave here about 9:30 today for Ventura to continue their study of water and farm problems in the state.

VILLAGERS attending the barbecue at Coachella last night included Earl Coffman, Harold Hicks, Harry Harper and several others.

Chairman of the tour is Clifford Hope, congressman from Garden City, Kansas.

Congressman Phillips was in charge of all arrangements as the tour was almost wholly in his district.

### Director's Home Is Burglarized

Police today were investigating the report of a possible burglary at the home of William Pearlberg, 987 Palo Verde.

Pearlberg, motion picture producer and director, reported early Sunday morning that his home had been entered during his absence and an undetermined amount of money and jewelry was taken. Sergeant Orest Johnson, and officer Howard Poe investigated.

Most of the travel agency speakers told a lack of cooperation and understanding between agencies and hotel operators. They also explained how these defects could be remedied.

Among those agency operators who spoke were Carl Haverkamp, Central Reservation Service, San Francisco; George Olman of the Olman's Travel Agency; Bert Hemphill, of the Hemphill Travel Service, Los Angeles.

Lloyd Mason Smith spoke about the value of the Desert Museum to local hotel patrons. Douglas Anderson of the Anderson McConnell advertising agency detailed the course publicity and paid advertisements is taking for the city of Palm Springs.

He also reported on a survey which indicated that some of the hotel owners or their operators were inexperienced to the detriment of the city.

Earl Coffman reported on the hotel men's convention he attended this spring in Yosemite National Park. Coffman also predicted that this resort area and every similar community from Banning to the Colorado river would suffer if Samuel Guiberson is successful in his fight to nullify a zoning ordinance which bars the erection of his \$10,000,000 cement plant.

The meeting saw the organization of a committee to assist Rosin in his duties as chairman of the hotelmen's committee. They are Herbert Burns, Keith Herbert, Art Meyer, Earl Coffman, Bill Walsh, Charley Snyder, Dick Edmonds, Ted Charleston, Jim Mann and Max Dresdner.

### 97 Aircraft Land Here in Mass Flight

First "Packaged Vacation" of Season Proves Big Success

Ninety-seven members of the National Skyways association and their passengers in the first mass flight of aircraft to the Village this season, landed at the Palm Springs Airport Saturday afternoon to enjoy a "packaged" weekend of entertainment sponsored by the Palm Springs Airport association.

The flyers and their passengers who started arriving Saturday afternoon, were transported to Del Tahquitz hotel where they spent the night. They departed Sunday afternoon.

FLYERS who converged on the Village came from almost every section of the state.

Highlight of their stay here was the dinner-dance at Del Tahquitz with Max Dresdner as host.

Mrs. Lydia Ragsdale, 60, holding a private pilot's license, was the honored guest. She was instrumental in the flight training of her three sons.

Consolidated Vultee gave Pilot Mefford, owner of a Stinson, a model of a Convair Liner as a prize for the greatest number of flying hours booked since he purchased the ship.

REG C. JONES, Villager, was awarded a safe flight indicator because his license had the largest serial number.

The Palm Springs Airport association awarded an aircraft radio to the winner of a quiz contest.

Wes Beeman, who conducts a radio program called Flight Line, acted as the master of ceremonies.

An apprenticeship training program for electricians will start Thursday, November 18 at 7 p. m. in room 8 at Palm Springs high school, according to John Weeks, instructor.

The course is on house wiring. It is given under the auspices of the vocational training program of the state department of education.

### Electricians Class Begun

### Three Tram Tower Sites O. K., Report

Three of the steel tower sites of the Mt. San Jacinto Winter Park tramway, surveyed two years ago, have been found oked by a second survey crew now working on the proposed route of the aerial carrier.

This report was made to members of the Winter Park Authority Sunday by Tramway Engineer Elmer Lloyd and John Steelman construction engineer in charge of the sub-surface exploration of the tower sites.

The working party having surveyed tower sites 7, 8 and 9 from the top of San Jacinto mountain down are now located at the 3500 foot level in Chino Canyon from where they will explore the sub-surface area of tower sites five and six.

William F. Cody local architect presented plans for upper terminal building, which will house the restaurant, waiting rooms and other facilities. John Chaffey was the only member of the authority not present.

### Mrs. McManus Gives Additional Land for Temple

Learning that the property she originally gave to the Palm Springs Temple for the construction of a building and parking lot was too small, Mrs. Pearl McManus yesterday added additional land to her original gift.

Construction of the proposed Masonic lodge on the site gifted by Mrs. McManus will now begin on or before January 1, John Archibald announced yesterday.

The structure is expected to exceed \$100,000 when completed. When Mrs. McManus was informed by Maurice Libbott, representing the Masonic Temple Association that the lot was too small, she graciously gave up additional property adjoining her original gift to make it possible to erect the temple and the parking lot," Libbott said.

The land donated to the Masonic group adjoins the Tahquitz bridge on the west side of Palm Canyon drive. It has a sixty-foot frontage on Palm Canyon drive with a depth of 300 feet.

### More Cooperation Needed Village Hotel Men Told

### Battle Fund Being Raised In Wide Area

Area From Riverside to Blythe Included in Campaign Plans

Acting on repeated appeals of resort property owners from the Colorado river to the city of Riverside, Palm Springs Home Owners League yesterday launched a vigorous campaign to raise sufficient money to combat the proposal of Samuel I. Guiberson Jr. to construct a \$10,000,000 cement plant at the north-west entrance to Palm Springs.

merce committee against the cement plant, has been placed in charge of the money raising fund.

Art Bailey yesterday reported that a sizeable sum of money had already been collected and pledged and that every city and community in the county will be acquainted with the campaign.

MOST OF THE APPEALS that came from outside the city of Palm Springs were from persons who feel that the construction of a cement plant within the 66-square mile area around Palm Springs, would be the opening wedge in the industrialization of the entire desert resort area.

Many of these people pointed out that they came to the desert with various pulmonary ailments and they feel that industrialization of the desert would aggravate those conditions.

MANY HOME OWNERS in this area will without a doubt move to other places in the country if the desert is industrialized, said Coffman.

The federal court case in which Guiberson will attempt to nullify the zoning ordinance is scheduled to be heard in Los Angeles November 29.

### Mrs. Wolleson Taken by Death

Word was received in the Village yesterday of the death of Louise Caldwell Wolleson who passed away Saturday at the United States Naval hospital at San Diego at the age of 38 years.

She was a native of Malden, Mass., and the daughter of Mr. and Mrs. W. J. Caldwell of Palm Springs.

Besides her parents she is survived by her husband, Capt. Henry Dean Wolleson.

Last rites were said yesterday at the Bradley-Woolman chapel in San Diego.

**The PUBLISHER'S**  
by OLIVER B. JAYNES Corner

THE CLEAN-UP CAMPAIGN is an important community project and much credit is due those who have worked on it and the residents who have cooperated with them. The Amvets, the Woman's Club and Bob Bennett's committee are doing an excellent job. Particular credit is due Wally Waring for his direction of the clean-up on the reservation. Sixty truckloads of rubbish have been hauled off so far in that district. Rudy Salazar donated a truck for use in this area and the Indians are using two of their own.

There have been hundreds of unsightly vacant lots in the Village and the campaign has been aimed at this problem particularly. The residents in many sections have cooperated wonderfully, it is reported by Chairman Bennett.

It is important that a resort city like Palm Springs keep a tidy appearance. The impressions that visitors get of the community from driving along the streets are lasting. Unsightly trash dumped on vacant lots can spoil the whole appearance of an otherwise beautiful residential section. The same holds true of the business district. Many merchants are careless about the trash accumulated by their establishments. This clean-up campaign is an excellent means of reminding them to check up on their premises.

It is not too late to do your share in this community affair. Take a look around your home or business. You will know at a glance whether it is neat looking—or untidy. Hundreds of visitors are coming to Palm Springs every week now. Let's have a clean city that will not mar the natural beauty of an attractive community and with its background of gorgeous mountain vistas. It's so easily accomplished when everyone does their small share.

TRAILER DWELLERS should not be offended by the statement of Dr. Robert Westphal, county health officer, concerning the unsanitary conditions that exist in some quarters. Most of our trailer parks are as nice looking as any residential section. Indeed, some are even more neat and tidy. These people take particular pride in their places; fix them up like miniature estates. It is true also that some of our finest residents live in trailers. The health officer was making reference to a few trailer dwellers who are not in regulated trailer parks but among shacks on the reservation where conditions are admittedly deplorable.

## Meter Bids Under Study By Engineer

Council Will Get Report on Parking Proposals Tomorrow

City Manager W. E. Alworth, City Engineer George Minton and interested councilmen, meet in the engineer's office at the city hall yesterday afternoon at 2 o'clock to open seven bids for purchase and installation of parking meters for Palm Springs. The bids covered all types of meters and methods of installation and payment.

They were taken under advisement by Alworth and Minton for study as to details and for report to city council, probably at its meeting tomorrow.

Locations for the meters have been worked out by Minton and with the exception of a few minor changes have been decided. The city will buy approximately 450 meters for the downtown area on Palm Canyon drive and other adjacent and important streets.

During the period June, 1944 to May, 1945, 30 million pounds of ice cream mix were used by the Navy.

Guests and diners at the Desert Inn enjoyed a special musical program which featured the Women's Trio from the University of Redlands Sunday in the lobby of the Desert Inn. Phyllis Kelly, Alice Lane Wymer and Martha Barnett sang new and old popular favorites to the delight of the audience.

## Charges Against Cassell Pile Up

Officer Harry Houghton, assigned to investigate the number of phony checks John R. Cassell is asserted to have passed in the Village yesterday reported, "they'll amount to a lot more six as was suspected at first."

It was a telephone call by Burbank police which first alerted local police "that six checks signed by Cassell had been turned down for payment at a Burbank bank." All of the checks had been made payable to merchants and hotel operators in Palm Springs.

Saturday Mrs. Sharline Cassell told police here that her husband was headed for Mexico. He had asked her to accompany him but she had refused.

## Senator Downey Listens to Appeal Of Date Growers

Reflecting an all-out effort to stabilize Coachella Valley's multi-million dollar date industry, 27 growers, packers, processors and bankers, all leaders in their field, drew a word picture of the present condition of the industry, for the benefit of U. S. Senator Sheridan Downey, guest at a special luncheon arranged by the date growers at the Hotel Indio.

The picture wasn't too optimistic in tone, and wouldn't be, numerous speakers agreed, unless some means were found of disposing of a portion of the "C" grade dates at a price which would assure growers of a return of at least production costs. "Wouldn't it be possible," was the collective question for the government to give the date industry the same consideration given the dried fruit industry, and purchase for consumption whatever portion of the crop is declared surplus?

Although he could make no definite commitment, Senator Downey indicated that he would support the industry's request for federal support.

"The industry certainly is one that merits consideration, producing as it does, one of this nation's few exclusive crops," Senator Downey commented, "and you can be sure I'll give whatever assistance I can in bringing it to the attention of the commodity credit corporation."

## Routine Queries End in Recovery Of Stolen Auto

When Officer W. Jessup stopped LeRoy McKibben, 19, of Glendale for routine questioning, it developed that the jeep young McKibben was driving had been stolen in Glendale.

A telephone call to the Glendale police revealed that the automobile had not yet been reported as missing despite the fact McKibben admitted stealing it, according to Police Officer Harry Houghton, who took the young man's statement.

A still later development disclosed that McKibben was wanted by Indio police for failure to pay a police court fine.

## Happy Day for Hathaway Clan

Fred Hathaway, owner of the L. A. Lathing company was stepping along Palm Canyon drive Wednesday afternoon, his head in the "sky" and his feet barely touching the sidewalk.

The cause was the birth of a boy to his wife at Palm Springs Community hospital at 12:15 p. m. Wednesday. It weighed seven pounds and five ounces and was the first child born to the couple. The newcomer was named John Arthur. Dr. William H. Elliot Jr. officiated.

A councilman at Whittier, the former Villager spoke on behalf of the city at the program.

Sought for more than a year by local police for questioning in connection with the burglary of Dick Maybrey's office and the theft of a number of specially printed payroll checks, William Herbert Hastings, 22, walked into the Palm Springs police station Friday morning and surrendered. He was booked on a charge of burglary, after which he posted \$1000 bail pending his appearance in Judge Eugene E. Theriault's court Friday morning November 19.

## Elk Membership Applications Now Being Taken

Applications for charter membership in the proposed Palm Springs Elk's Lodge will be accepted by Gene Johnson, at the August Nardoni Real Estate offices, it was announced following a meeting Friday night of the organizational committee and prospective members in the Fiesta House of the Desert Inn.

Bill Moore, acting as chairman of the Elk's organizing committee, presided. He said a large number of prospective members filed applications and more would be accepted until 100 member comprise the charter roll. Most of the applications carried the initiation fee of \$50. Dues in the new organization are \$20 annually.

Plans for the erection of the new organization's meeting hall were also studied and reviewed.

# Cement Mill At Riverside Reduces Staff

Too Much Cement Says Manager As 100 Men Laid Off

Concrete evidence that there is no cement famine in the nation today as claimed by S. A. Guiberson Jr., in his battle to build a mill in the San Geronimo pass area eight miles from Palm Springs by highway, came from Riverside Saturday.

Approximately 100 men are being laid off at the Riverside Cement company plant at Crestmore it was announced.

HOWARD R. STARKE, assistant works manager was credited with the announcement and the reason he gave was:

"TOO MUCH CEMENT."

Although the plant has been running at full capacity for several years, there has been no increase in the total number of employees for quite a long period, Starke said.

"The Crestmore plant will now be running at about 60 per cent capacity," he added.

The lay-off will be on the basis of seniority, according to Starke, and there will be no cut in salary for the remaining employees.

THE NEWS came to light Wednesday night when a man, unwilling to identify himself, told a Riverside Enterprise reporter over the phone that the Riverside Cement Co. is cutting production from 15 kilns a day down to 8 kilns. "They're laying off about 50 per cent of the men," he said. The informant hung up before anything further could be learned.

Starke said yesterday, however, that the 100 men to be laid off would only account for about 20 per cent of the total number employed at the plant in West Riverside.

IN HIS SUIT against Riverside county seeking an injunction to block the recently enacted zoning ordinance, Guiberson, through his attorneys, claimed his plant was necessary because of the current cement "famine." The government intervened because, it said, cement was needed for housing.

Starke's statement of "too much cement," therefore, was being studied with much interest by a local chamber of commerce committee named to watch the situation.

The county ordinance which is under fire in federal court, would ban heavy industry in the Palm Springs area.

## Desert Program Up November 20

Master plan for Coachella valley which includes the White-water channell parkway from a point near the Village to the Salton sea as well as a loop highway from the desert floor up through the Joshua Tree monument and back, will get official recognition Nov. 30 when the planning commission will hold a public hearing on the program.

The plan was worked out by Charles Elliot, consultant for the county planning commission and completed early this year after 18 months of study.

Tyler Suess, new county planner, said Saturday that the commission would review the plan Nov. 20 and that it would then go to board of supervisors for consideration.

Starke said yesterday, however, that the 100 men to be laid off would only account for about 20 per cent of the total number employed at the plant in West Riverside.

## Work of County Chamber Told By Secretary

Eighty five per cent of the time of the county chamber of commerce secretary is given to the Riverside county fair and date festival, R. M. C. Fullenwider, county chamber secretary, told a Banning chamber of commerce meeting Friday.

Fullenwider was the speaker of the evening and described the work of the county organization.

"Letters to the county chamber asking for information about home and industrial locations in Riverside county are sent to the county and city which can best cope with the inquiries," he said.

"The county chamber assists in financing the printing of all literature and brochures used by the various cities of the county."

Ed Handler, 80 Bennett avenue, Long Beach, reported to police Friday the theft of clothes from his parked automobile during broad daylight on Palm Canyon drive.

The first printed advertisement, describing a book, appeared in 1480.

## Ruby's Birthday Is Notable Affair

Ruby of The Dunes will long remember the occasion of his "16" birthday - anniversary-plus" celebrated Saturday night.

In addition to a beautiful birthday cake made entirely of baby chrysanthemums and sweetheart rose, presented by Doty Dunlap, a star studded array of motion picture and stage stars put on an impromptu show for his benefit.

They included: Lou Holtz, the three Ritz brothers, Gloria de Haven, Constance Moore and her husband Sam Mancio, Jimmy Van Huse, Jimmy Bloom, Leo Fields, Dorothy Lamour and her husband Bill Howard, Charley Feldman, and Charley Farrell, at whose Raquet Club the entire entourage were staying over the week-end.

## Hot Springs Girl Enrolls at Art School in Paris

Joan Hinkley, daughter of Mr. and Mrs. Don F. Hinkley of Desert Hot Springs, has enrolled at the world-famed Sorbonne in Paris to study art, her parents have just been advised.

Miss Hinkley, who majored in art at Pomona College, sailed for Europe on Sept. 9, accompanied by three college friends, Nancy Smith of Los Angeles, Pat Walsh of Balboa Island and Carol Gilbert of Yakima, Wash. They were driven to New York by Mr. and Mrs. Hinkley, who then motored through the east, down the Atlantic coast to visit Florida resort cities, went to Cuba and came westward, spending some time in the Ozarks. They have just returned home, completing 8500 miles.

"We were lucky, not even having had as much as a puncture. We enjoyed visiting early American historical shrines. Florida resorts can't hold a candle to our desert and mountain playgrounds and scenery. A lot of eastern people would come here if they knew about the hot mineral waters we have here," said Hinkley, who owns the Desert Hot Springs Drug Store.

# Ban on Smoking In Forest Areas In County Asked

Riverside county flood control and water conservation district commissioners voted yesterday to recommend that Riverside county adopt an ordinance to prevent smoking in mountain areas.

It was County Supervisor Chairman Walter V. Pittman who proposed the measure. In his capacity as chairman of the flood control district he urged the commissioners to recommend it to the board of supervisors for action.

PITTMAN SAID he'd seen the results of the Orange county fire and he was fearful.

"If we ever had a fire like that on the Banning-Idyllwild road it would spell disaster to Riverside county," he said.

"We have millions of dollars invested in Riverside county forests that can not be replaced in our lifetime or our children's lifetimes."

THE FLOOD CONTROL commissioners were agreed that the ordinance should ban smoking in autos on mountain roads and on mountain hiking and riding trails.

The ordinance would be similar to San Bernardino's ordinance and would put smoking restrictions in the county similar to those enforced by the U. S. Forestry service in national forests.

# Christmas Plans Occupy Soroptimists

At the weekly meeting held at the Chi Chi, the Soroptimist Club welcomed a new member, Mrs. Blanche Martin.

A discussion was held concerning the Regional meet at El Centro this coming week-end.

Guest speaker for the luncheon was Mrs. Alberta Babcock. Mrs. Babcock is a prominent artist, and has become well known for her mural work. Her dissertation on art proved to be highly informative and interesting to all present.

The Christmas box, containing food treats and gifts, is almost ready for the sister club in England. All of the gifts are to be delivered to the Village 5 & 10.

Note to all Villagers and Visitors: The Soroptimist Club is sponsoring the T B Mobile Unit to be here in the Village at the Health Center November 15, 16 and 17.

The club is joining with all the Village service clubs in sponsoring the Community Christmas Tree.

The next meeting will be Tuesday, November 16 at the Chi Chi at 12:15.

A REGULAR SHOE BAG with its numerous pockets is a wonderful thing to tack on the inside door of the kitchen closet. Put into it such small items as string, nails, screws, bottle caps, etc., that usually clutter the kitchen drawers.

ALL KNIVES that have become discolored will usually clean if you rub them with scouring powder and a damp dishcloth.

After scouring the bath tub to gleaming whiteness, swish around a tablespoonful of soap jelly with plenty of hot water with a long handled brush to remove the last persistent grains of cleanser that like to cling to the tub.

## RECIPE OF THE WEEK

**Cranberry-Apple Relish**  
(Makes 1 1/2 quarts)

4 cups fresh cranberries  
2 apples, pared and cored  
2 oranges  
1 lemon  
2 1/2 cups sugar

Put cranberries and apples through food chopper. Quarter whole oranges and lemon, remove seeds and put through chopper. Add sugar and blend. Chill in refrigerator a few hours before serving. This relish will keep well for several weeks in the refrigerator.

After washing your chenille bedspreads, hang them on the line double and inside out. The tufts, by rubbing against each other, will dry fluffy.

IT'S A GOOD IDEA to place a small hand brush, bristle-side up, in the soap dish to hold the soap. This keeps the soap fairly dry and there will always be some soap on the brush when you need to use it.

Those broken bits of crackers that you don't know what to do with, make excellent crumbs if you'll just crush with a rolling pin and place in a jar for use as needed.

After woollen garments are washed, squeeze out the excess moisture into a thick towel by kneading motions. Then gently pull the garments into shape and pin against a towel or cloth so they will dry in the proper size and shape.

# Puppet Series Will Climax Beanstalk Tale

Jack and the Beanstalk climaxes the series of puppet shows by Mr. and Mrs. Irving Sussman and their famous Don Quixote Marionettes. The Girl Scouts, who are sponsoring these shows, promise a very special treat to all attending the final performance at the El Paseo Theater tomorrow at 8:15.

Featuring Jack and the Beanstalk, the program will also be highlighted by the one and only appearance of Sonya the Puppet Ice Skater. Proceeds from the show go to the Girl Scout building fund.

# District Session Staged by VFW

Members of Palm Springs Frontier Post Veterans of Foreign Wars were present in Desert Hot Springs Sunday when Al Kine, California department commander, addressed a gathering of member organizations comprising the second district.

The meeting was held in the VFW clubhouse. Mrs. Ruby Stroth, department president of the auxiliary, was also an honored guest.

Mrs. Leafy Marie Giles, Riverside, district president and Walter Keil of Desert Hot Springs, district commander, acted as hosts for the occasion. After the business meeting a turkey dinner was served.

# Shop Celebrates First Birthday

This week marks the first anniversary of the Casual-Aire shop in Palm Springs. In appreciation of the patronage they have received during their first year of business in the Village, Bob and Jean Morris are marking down their entire stock, for a limited time, including the merchandise that has been so popular here. The sale, with twenty per cent reductions on everything, lasts only through Friday, Nov. 19.

# Photography Group Has First Jaunt

First field trip of the Desert Photography group was conducted last Wednesday afternoon by O. M. Ward to a scenic spot among the sand dunes near Cathedral City. This photographic excursion enabled the participants to receive instruction in lights and shadows, exposure readings, composition, and was much enjoyed by the fifteen persons who took part. They were: Mrs. Allard, Mr. and Mrs. George Arntzen, Mrs. Cleaver, Laura Clements, Mrs. J. K. Grannis, Mr. and Mrs. H. S. Hall, Mr. Harry Levin, Mr. and Mrs. H. J. Larson, Ethel Platt, Mr. and Mrs. H. Porter, and Mrs. Whittall. Later in the season it is planned to have an exhibit of pictures taken by the group on such trips.

# Atomic Physics Film at Museum

An outstanding motion picture on atomic physics was shown at the Desert Museum last Tuesday night, following the scheduled natural history films.

The film endeavored to trace the complete history of the nuclear theory of atoms and to explain by means of animation the detailed structure of the atom, how it was finally split, and carried the story through chain reaction to the atomic bomb and future uses for the service of humanity. Among others the film featured remarks by Professor Albert Einstein.

# I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

I understand there was an election last week! My crystal ball is applying for a job with Dr. Gallup, or Mr. Roper or Mr. Crossley. This letter did say we were coming back to normal elections, with normal predictions and normal upsets, but I don't know, for the people, expected what happened. The only predictor who turned out right was Mr. Truman.

Many people will step forward to claim credit, or give reasons. No campaign is ever lost or won on any single reason. The losers, even I say, this or that defeated me, but overlook the other reasons which entered into the picture, and they give credit or blame to some reason which may only have been the final straw.

THE SILENT VOTE, undetermined in any election, must have voted heavily for Mr. Truman. What influenced that? Perhaps it was a vote, with many, for the "underdog," perhaps it was the fighting campaign which Mr. Truman put on, with little help, even from his own people, and with little money. People like a fighting candidate. Perhaps it was the influence of inflationary trends, and high prices, and the lack of houses, even if these are issues which must be solved at a later date, but not in Washington without the ultimate destruction of representative government. How many voters read history. People can't eat "unity." I trust they won't be too disappointed when lower prices and houses are not forthcoming, painfully and without their own efforts and sacrifices.

Labor may claim the victory, but the rights to that claim are still to be determined. This argument will appear again in votes

# Palm Desert Art Gallery Remains Open on Sundays

Marie Ropp, director of the Palm Desert Art Gallery announces that the gallery is being kept open Sundays as well as week days from 9:00 a. m. until 5:00 p. m. to accommodate the steady stream of visitors who are attracted to this unique cultural feature in the beautiful foyer of the Desert Magazine at Palm Desert.

Through this permanent exhibition of desert and western paintings Randall Henderson, publisher of the Desert Magazine, has made it possible for the finest of the western artists to have an outlet for their creative work. And it is giving a responsible public the opportunity to enjoy and appreciate the real beauty and fascination of the desert that these artists capture and interpret on canvas.

The gallery has also proved to be a popular mecca for the painters themselves who enjoy becoming acquainted with one another and coming into close contact with an articulate admiring public.

# Co-Ordinating Board Planned

Leslie Kelley, president of Cathedral Lions, feeling the need of a co-ordinating council has called a meeting of the heads of the civic organization and churches at the studio at Desert Lodge on Monday evening, Nov. 15 at 8 p. m. The council will talk over their calendar of events as to dates and types of parties and will try in the future to keep parties from over-lapping.

# Question Husband When Wife Wounded

John R. Rayson, 28, Negro, was in the city jail yesterday, held on an open charge following the asserted knife stabbing of his wife, Odessa Rayson. The husband was taken into custody at the Palm Springs Community Hospital where Mrs. Rayson was taken for emergency treatment. She was later permitted to go home.

According to Mrs. Rayson's statement and that of her sister taken at the police station, the reason for Rayson's attack was unknown.

# Leader Sessions Planned by Scouts

Plans for two Scout leaders planning conferences were completed last night at a meeting of the executive committee of Riverside county council, Boy Scouts of America at Beaumont.

First conference is scheduled for Riverside Dec. 1 and second at Coachella Dec. 8.

John E. Jones, council president, presided at last night's session.

# Federalist Radio Time is Changed

Warner Moon, who has been giving weekly radio talks over KCMJ on the project of world government, through federation of peace-loving nations and who says that it should start at once under United States leadership, says that the time of his broadcast has been changed by the station to 8:45 p. m. Sunday instead of 10:15. This has come about through popular demand as the program goes into its second year. It is an unpaid feature provided by the station on its public service time.

# Los Compadres Club Honors Phil Delano

Phil Delano, outgoing president of Los Compadres was honored at a party given by members of the organization at Bill Chinn's and Warren Coble's Lazy "C" Ranch, six miles north of Palm Springs Sunday night.

Seventy-two members of the organization were present to fete the outgoing president and to express their satisfaction with the beauty of the Lazy "C" Ranch.

# Club Talks Over Christmas Plans

Further plans for the annual outdoor Christmas lighting and decorating contest were discussed when members of the Garden club met last Thursday night. The annual contest is sponsored by the club and proved a great success last year. An even better program is being mapped for this Yuletide season.

Of high interest at last week's meeting was the talk by Mrs. Veloma Waldren of the Shadow Hills nursery on Highway 99. She discussed plants suitable for desert growth and planting arrangements for desert home.

Type was cast from metal in Korea in 1392.

# County's Aged Aid Bill to Jump Sharply, Belief

California Taxpayers' Association announced yesterday that cost of relief to the aged in Riverside county totaled \$2,092,195 for the first nine months this year.

But with the passage of Proposition 4 in the election, that figure will jump "considerably higher," the association said.

Riverside county's payments to the needy aged have risen much faster than the state's as a whole.

FOR THE FIRST nine months last year, payments to the County's needy aged amounted to \$1,763,592. Throughout the State, similar payments totaled \$96,072,176 during the first nine months of 1948, compared with \$82,595,620 for the same period last year.

Annual cost for California is estimated at \$155,000,000 for aid to the aged and blind.

THE TAXPAYERS' association says that if Proposition 4 becomes law \$125,000,000 will be added to the cost for the first year of operation and that flocks of people coming to California would boost the costs much higher in the future.

# WE'RE IN A HURRY THESE DAYS

TRYING to keep up with the big demand for telephone service keeps us on the jump. Trucks and men are continually on the move from construction job to construction job — from home to home.

Installing telephones is only a part of the job of supplying service. Before a telephone can be put in a home, especially in newly developed areas, a vast amount of outside work must be done. Poles must be placed, wire and cable must be installed, drop lines must be affixed, and all necessary connections made.

This work goes on every day, hampered somewhat by the continued shortage of many materials. But our expansion program moves forward at a steady pace and demands for service are being met as fast as possible.

## Suess, Former Consultant Here, County Planner

Tyler Suess, professional planning engineer, who assisted Palm Springs early last year in the preparation of its land use ordinance, is now Riverside county planner, occupying a newly created position.

Suess, who has been a planning consultant for 14 years, comes to Riverside from Santa Barbara where he has been planning director for that city.

At one time he was planning consultant for the Los Angeles county road department, U. S. forest service and the Los Angeles county regional planning commission.

This year's county budget provides for a full-time county planner. Suess will work with the county planning commission.

## After 25 Years in Many Other Spots He Will Make Permanent Home in Village

After spending 25 years owning and managing hotels in northern and southern California and

operating hotels for the U. S. air corps in the middle east during the war, Dick Edwards, who is now manager and part owner of The Pueblo in Palm Springs, says he has settled down for the rest of his life in the Village.

"I am letting my friends everywhere know that I am exclusively for Palm Springs from here on out. My family and I have fallen in love with Palm Springs. My oldest daughter, Patricia is in high school and the younger one, Diane is in the parochial school," Edwards said.

He is a charter member of the California State Hotel Association, and a member of the Southern California Hotel Association and the Greeters of America. Edwards is also past president of the Rotary club at Auburn, Calif. where he owned the Auburn hotel for five years. Recently he owned the Bret Harte Inn at Grass Valley.

His most unusual experience was operating hotels in Palestine, Egypt, Eritrea and Addis Ababa for the air force for several years during the war.

## Village Realtors Maintain Stand On Rent Control

Palm Springs Realty association on official record against rent control in this area has not changed its stand on that issue despite published reports quoting Housing Expediter Tighe Woods who plans to ask for tighter rent control for "at least another year."

Several months ago the local realty board filed a petition with the area rental control officer seeking a lifting of rent controls in Palm Springs.

The petition, which was filed with the area rental control officer carried the signatures of hotel, apartment and other rental property owners in the Village.

AT THE TIME of Wood's announcement it was also learned that tenants who signed a year's lease containing a 15 per cent increase in rents as a gamble against a greater increase without a lease, do not have to renew these leases as long as they continue to pay their rent.

The realty board feels, according to its president, William Veith, that Palm Springs is

## How's our railroad doing, young man?

"Is it making any money?"  
"What are they paying for fuel these days?"  
"Are you hauling much freight?"  
"Do you like your job?"

The little old lady is not a busybody—she is merely looking after one of her investments.

She has some money in the Santa Fe. Maybe it's ten, maybe it's twenty, maybe it's fifty shares of Santa Fe stock.

She is entitled to attend a stockholders' meeting. She can get on her feet and ask our board of directors questions just like the above. She can compliment those gentlemen for their management, or she can bang her umbrella on the table and tell them off.

Alone, her few shares of stock

can't do a lot. Alone, she couldn't elect a president of the United States. But stockholders just like her—housewives, teachers, merchants, salesmen, laborers—can tell us how to run the Santa Fe, and they do. (Actually 29,178 Santa Fe stockholders are women, most of them holding only a small number of shares each.)

And that's the beauty of America—the voice of the people is the voice that runs things, whether it's operating a transcontinental railroad or putting a man in the White House.

Isn't it a wonderful country where so many can own so much? That's "Free Enterprise."

Santa Fe stockholders, just as those of any railroad, know that American railroads must be permitted to earn at least 6% (many other industries earn more) on their investment in order to maintain sound and progressive operations and to continue to provide shippers and passengers with the finest in rail transportation.

## Nancy Jaynes, John Coulton, Recite Vows

Village Girl Bride  
Of Detroit Man at  
Beautiful Ceremony

St. Paul's in the Desert was the setting last Friday afternoon for the wedding of Nancy Dale Jaynes and John Frederick Coulton, of Detroit.

The bride, daughter of Mr. and Mrs. Oliver Brown Jaynes, came down the aisle on the arm of her father as the last rays of the setting sun cast a pink glow on the tall white tapers and baskets of white gladioli and chrysanthemums which decorated the church. The Rev. Robert M. Hogarth officiated at the ceremony.

The bride's gown was of white lace over white satin with a fitted princess bodice. From her Juliet cap of matching lace hung a bouquet of white baby orchids and lilies of the valley tied with the same white tulle as her veil.

Janet Jaynes, sister of the bride, was her only attendant. She wore a pale blue bouffant taffeta model with crown to match and carried pink baby roses and pink bouvardia.

Robert Fisher, of Detroit, and fiancé of the bridegroom's sister, Joyce Coulton, was best man. Palmer Rose, son of Mr. and Mrs. Louis Rose, also of Detroit, ushered at the wedding.

Mrs. Jaynes wore powder blue crepe, with hat of the same color. Her flowers were pink baby orchids. Mrs. Fred Coulton's gown was of grey-blue crepe outlined at the neck with grey lace and pink baby orchids.

Following the ceremony, reception was held in the Bougainvillea room at the Tennis Club, where 150 guests greeted the bride and bridegroom and danced to the music of Frank Brandt's orchestra.

The newlyweds motored to Camelback Inn, Phoenix, and later on will fly to Detroit for the wedding of Joyce Coulton and Robert Fisher. After the first of the year Mr. and Mrs. Coulton will make their home in Ft. Lauderdale, Florida.

Out-of-town guests who came to Palm Springs for the wedding and reception were Mr. and Mrs. Fred Coulton, parents of the bridegroom, Miss Joyce Coulton, and Mr. and Mrs. Louis Rose, all of Detroit.

Mr. and Mrs. Russell Peyton, aunt of the bride, Miss Marilyn Lovett, Miss Clifton Peyton, Mr. and Mrs. H. K. Patch, Mr. and Mrs. Paul Belding and James Stunton, from Los Angeles, were present.

From Pasadena came Miss Gertrude Jaynes, Mr. and Mrs. Burton Dole, Miss Kate Hayes, Gene Rouse, Mr. and Mrs. Claude Whitehouse and Mr. and Mrs. Lloyd Bayly.

Mr. and Mrs. Harvey Stonehouse, of La Habra, and Mr. and Mrs. Harry Burnett of Detroit, were also present.

Other out-of-town guests who attended the reception included Mr. and Mrs. Fred Brinkman, Mr. and Mrs. Harold McAllister, Mr. and Mrs. Russell Garner, Miss Jane McLain, Mr. and Mrs. John McClure, Mr. and Mrs. Beverly Errett, all of Los Angeles.

Also Mr. and Mrs. William Keighly, Dr. and Mrs. William Robinson and Lewis W. Stunton, of Los Angeles.

Others present were Mr. and Mrs. Russell Knowland of Oakland, Miss Joan Angell, Miss Nancy Adams and Miss Nancy Parkford from San Marino and Mrs. Dexter Baldwin of Arcadia.

## Birthday Party Is Happy Affair

Miss Patricia Fowler celebrated her 16th birthday with a delightful luncheon Thursday at the Desert Inn.

Adding a touch of gaiety to the luncheon were Ann Welles, Joyce Decker, Mary Lou Troy, Adele Woods, Barbara Jones, Audrey Benson, Mary Louise Klug, Joan Gehlich, Marilyn Sorum, Donella Knupp, Nancy Nye, Hazel Velth and Brownie Brown.

Mr. and Mrs. Charles L. Jones of Los Angeles were here over the weekend to visit their son Dean, who recently moved to the Village.

a stage career. Her hobbies include riding (either in derby hat and breeches or dirty levis and a vaquero tie) . . . swimming and tennis and as for her opinion on men . . . well, they should be suave, sophisticated and with a shining character.

## How to smile your way through a traffic snarl

Come in—find out how

Packard takes the tension out of city driving!

Here's a car that meets all the demands of downtown traffic. And handling ease is only an ever-present part of the story.

What impresses you first, in this sleek, roomy Packard, is the way you can see—the wonderful feeling of always knowing exactly where the front, sides, and rear of your car "are at." It puts an end to all the old "squeeze plays" . . . whether you're cruising or parking.

Next you'll marvel at the turbine-smooth trigger-quick responsiveness of Packard power. You simply point to a

sudden opening in the traffic jam and—you're through it!

Above all, you'll prize the restful riding ease . . . the sure-footed roadability . . . the husky construction that brings relaxing comfort in any rush-hour snarl.

And when you head this eager, road-worthy Packard down an open highway—

But come in first for the city story. It's one of the big reasons why the new Packard Eights are the greatest ever built!

On Thursday at 8 p. m. the Music Appreciation Group will meet again at the Museum, with William Dupe in charge. Edward Grieg will be the subject of discussion and various selections from his musical works will be played.

FRIDAY, AT 8 O'CLOCK the fifth session of the current Biological series will be presented. Insects will be the subject of the lecture and the following films will be shown: "Beneath Our Feet," "Aphids," "Beetles," "Pond Insects," "People of the Ponds." Public invited; no charge.

Next Saturday's field trip will be an all-day auto caravan to Whitewater Canyon and the Fish Hatchery. There is no hiking involved in this trip; bring lunch and water. Leave the Museum at 10 a. m., return at 4.

LAST THURSDAY night over 70 people gathered around two bonfires out on the desert near Desert Hot Springs for the Museum's first combined wienie-bake, community sing, and star talk. A mild, windless night made the evening pleasant and the group sang familiar, favorite songs for a long time around the wire. In response to questioning by the Director it was unanimously decided to continue the wienie bakes once a month, with each person bringing his own wienies and buns and the museum arranging for the balance of the food at a nominal cost of 50 cents. The Director requested that anyone interested in composing words with a desert theme to be set to favorite tunes do so, and they will be mimeographed for use at the community sings. These monthly out-door programs will be announced well ahead of time in order for reservations to be made; anyone who enjoys singing by a bonfire and learning the constellations and stars is welcome to attend.

Newspapers depended upon the chance arrival of private letters as sources of news during the Revolutionary War.

LOPEZ GETS AWAY—Lopez, Indian end, No. 30, gets away for a neat gain in exciting first quarter of Palm Springs-Coachella game Friday night. The game ended in a 13-13 tie with the visiting Arabs almost upsetting the Indians. (Don DuBose Photo.)

## Indians Miss Being Upset By Scant Margin in 13-13 Draw With Coachella Arabs

Palm Springs high missed being upset by Coachella high Arabs last Friday night on the home lot by a fraction of an inch. At that, they had to be content with a 13-13 draw with the scrappy visitors.

With but a few minutes left in the game and the Indians out in front 13 to 7, the Arabs got a drive under way which sent Bodarte over for a TD to make it 13 all.

WHILE INDIAN rooters held their breath, Coachella went back to convert. The boot was true but just a least bit short. The ball hit the crossbar, wobbled there for some tantalizing seconds and then dropped back on the field side—no goal. That left it knotted at 13 for each and Coach C. E. Ballagh's boys who had their hearts set on a win, had to be satisfied with that.

The Indians scored first in the opening period on a drive half

the length of the field which was climaxed when John Black went over from the three. The try for point failed.

COACHELLA made it a see-saw affair in the last end of the same period when Alton Prior got loose for 45 yards to pay dirt and rubbed it in by going around end for the extra point to give the Arabs a 7-6 lead.

In the second half, Lopez climaxed a march with a 13-yard run for six points. Dale Summers added the extra point which, as things turned out, was of tremendous importance.

IT SAVED THE INDIANS from a startling upset for in the fading moments of the game came Bodarte's plunge which tied it up at 13-13 and the breath-taking conversion try that failed. The game left the Indians with no victories in league play, two ties and three defeats for a point total of two.

## Micky Finn's Boys Trip Up Jayvees, 26-0

Although the attendance at the football game between the Palm Springs high school Junior varsity team and the Micky Finn's boys was poor, the game was "good all the way" according to Coach C. E. Ballagh.

The score was 26 to 0 in favor of the visitors.

Ballagh reported that approximately 200 persons were in the grandstand and that tickets sold at the gate amounted to \$120, half of which will go to the Micky Finn Foundation for Boys.

The remainder of the receipts will be retained by the high school for the athletic fund.

The Micky Finn Foundation is supported almost entirely by Los Angeles Police Officer Micky Finn.

messed around after the kick-off until Chaffey got the ball on its own 20 yard line with 11 seconds to go.

That perfect play followed and on a play that went 20 yards by air and 60 by land, Chaffey scored to make it 33-32. The gun sounded while the play was in progress and the jubilant fans quickly overflooded the field, making a try for point impossible. But it wasn't necessary.

About 1.7 billions of dollars in war bonds were sold to Naval personnel in the Navy's war bond program from September, 1941, to July, 1947.

## Team, Defeated By Indians, Now Leading League

San Jacinto high gridders, who bowed to Palm Springs in the opening game of the 1948 season, today topped the Riverside County league as result of its 27 to 14 upset win over Hemet high last Thursday.

The San Jac Tigers have had five official league starts, winning four and tying one to give them a rating of 9 under the RCL point system. The only game they dropped this season was to the P. S. Indians.

In other games last week Beaumont defeated their old rivals and neighbors, Banning, 7 to 0 and Elsinore bopped Perris 20 to 12.

The standings including Friday night's games:

	P	W	L	T	Pts
San Jacinto	5	4	0	1	9
Hemet	5	4	1	0	8
Beaumont	5	3	0	2	8
Elsinore	5	4	1	0	8
Banning	5	2	3	0	4
Palm Springs	5	0	3	2	2
Coachella	5	0	4	1	1
Perris	5	0	5	0	0

me... It related to the manu-

facture of television sets for auto-

mobiles... just to think of the

possibility makes me shudder...

I've seen near accidents happen

due to ordinary car radios...

When the driver became excited

by the news coming over the air

and unconsciously let his foot ex-

press his feelings... But think

of Wilshire boulevard, say on an

afternoon when U.S.C. was play-

ing U.C.L.A. and the television

set showed Troy, six points be-

hind with a half minute to go, on

the Bruins' one-foot line, fourth

down!... The carnage would

make a Russian liquidation bar-

becue look like a Sunday school

picnic... Lots of drivers in Palm

Spring have trouble keeping

their eyes on the road when an

abbreviated sun suit is noted on

the sidewalk... Think of them

getting cross-eyed and trying to

look at one on the television

screen at the same time... I'd

have to move on the same side

of the drive as the office to get

to work in that event.

HARRY OLIVER is going to

have an old Spanish cannon

mounted in front of his Desert

Rat Scrapbook museum to be

used for hitchhiking posts... He

has many customers who come

by horse... or burro... He's

going to go to get the cannon

from Old Mexico... "I know

they're authentic," he said...

"I made them myself..." With

the coming Pegleg Smith hunt

January 1 to include a Liars'

contest, he is now in training.

With Dry Camp Blackie in

the hospital, he's been trying out

the stories on his dog, Whiskers

... that's why Whiskers looks

so sad these days... it isn't be-

cause his pal Coachella Sue, the

turtle, has not returned... Sue

wandered away the day the mu-

seum opened... She was to be

queen of the museum and Oliver

is wondering if her wandering

had anything to do with the

show at Thousand Palms... "can't

be, it's a good show," he

muttered.

THE MAIL this week brought

a card about recent comments

here about courteous clerks and

customers... "Maybe the cus-

tomers are rude," it declared...

"And maybe the clerks are not..."
